

All India Seminar on Smart Power Grids

(on the occasion of 108th Birthday Celebrations of
Padmabhushan Dr K L Rao, Hon.Life FIE)

Hyderabad – A.P.
July 15-16, 2009

under the aegis of
Electrical Engineering Division Board
The Institution of Engineers (India)

Organizers:

The Institution of Engineers (India)
Andhra Pradesh State Centre and
in association with
Council of Power Utilities, New Delhi
and
APSEB Engineers' Association, Hyderabad

INTRODUCTION:

Efficiency, Reliability and adoptability to dynamic changes in Grid conditions are the key issues for Power industry. The electro-mechanical grid of the previous century is to be transformed into Smart Power Grids to have adoptability to grid requirements and its dynamic changes. The debate over what constitutes a Smart Grid still continues among the research and professional institutions across the world. This initiative can be based on the definition of Smart Grid developed and being pursued by EPRI, U.S.A. Utility and Technology Experts are now discussing the need for substantial conceptual changes in how we design, build and operate the power generation and delivery systems.

SCOPE:

The existing transmission and distribution systems in India are operating with age old control and protection schemes. Even the major equipment in EHT substations like Power Transformers and circuit breakers etc. have to be assessed for their residual life and measures taken for life enhancement. There is need to retrofit age old sub-stations to fit into the new and emerging Smart Grid Technologies. In order to address this problem of dealing with aging infrastructure and to create a power system that meets the growing and changing needs of consumers, the Intelli-Grid seeks to create 'Smart-Grid' that uses advanced sensing, communication and control technologies to generate and distribute electricity more effectively, economically and securely. A Smart Grid integrates new innovative tools and technologies, from generation, transmission and distribution all the way to consumer appliances and equipment.

THEME:

The Smart Power Grids are sensitive to dynamic changes in load flow pattern of Transmission and Distribution Network and capable of identifying and adopting suitable options of Power System parameters.

The proposed Seminar shall deliberate on formulating a frame work for pilot studies leading to formation of Smart Grid in India and apply to the intelligent concepts of EPRI's Intelli-Grid to specific regions in India.

OBJECTIVE

To provide common platform for the persons actively involved in implementation of Power Grids to update their knowledge, upgrade the skills and also to deliberate the Theme.

It also offers an opportunity to participants to exchange their experience, expertise, skills and also to keep abreast of the latest technologies in the field.

SUB-THEMES:

- ▶▶ Concept and scope of Smart Power Grids
- ▶▶ Information and Communication technologies for Smart Power Grids.
- ▶▶ Advanced Automation Techniques Compatible to Smart Power Grids.
- ▶▶ Dispersed Distributed Generation and Micro Grids
- ▶▶ Approaches for viable migration towards a Smart Power Grid from the existing State of Power System
- ▶▶ Development of Smart Power Grid Models -Expert's Experiences

METHODOLOGY:

The Seminar is proposed to be organized in Five Technical Sessions besides the Inaugural and the Valedictory Sessions. The Sessions will be devoted to presentation of Technical Papers by Experts and discussions thereon. The Valedictory Session will be organized for summing up the deliberations by Panel Discussion for arriving at recommendations and Action Plan.

VENUE:

The Seminar will be held at the Institution of Engineers (India), A P State Centre, Visvesvaraya Bhavan, Khairatabad, Hyderabad on 15th and 16th July, 2009.

CALL FOR PAPERS:

Technical papers are invited (relevant to the theme of the Seminar) from Key Researchers and Engineers from Universities, Engineers / Executives / Managers of Electric Utilities, Equipment Manufacturers, Builders of Power Plants and Transmission and Distribution Systems. All Papers after review by Technical Committee will be published in the Technical Volume of the Seminar.

Last Date of Receipt of Full paper with
SOFT COPY / E-MAIL.

25th June 2009

Paper must contain title of the paper, name/s of Author/s Affiliation, e-mail ID, Telephone / Fax Number.

Please note that the organizers will not be able to meet the travel expenses of authors due to financial limitations. However, accommodation may be provided in the IEI, A P State Centre Guest House on first come first allotted basis.

PROGRAMME:

JULY 15, 2009 - Wednesday (First Day)

0830 hrs - 0930 hrs	Registration of Delegates
0930 hrs - 1100 hrs	Inauguration of the Seminar
1100 hrs - 1130 hrs	HIGH TEA
1130 hrs - 1300 hrs	TECHNICAL SESSION I
1300 hrs - 1400 hrs	LUNCH
1400 hrs - 1530 hrs	TECHNICAL SESSION II
1530 hrs - 1545 hrs	TEA
1545 hrs - 1730 hrs	TECHNICAL SESSION III

JULY 16, 2009 - Thursday (Second Day)

0930 hrs - 1100 hrs	TECHNICAL SESSION IV
1100 hrs - 1130 hrs	Tea
1130 hrs - 1300 hrs	TECHNICAL SESSION V
1300 hrs - 1400 hrs	LUNCH
1400 hrs - 1500 hrs	PANEL DISCUSSION
1500 hrs - 1530 hrs	TEA
1530 hrs - 1630 hrs	VALEDICTORY SESSION

PARTICIPATION:

Experts from Public Sector, Private Sector, Industrial Establishments, Educational Institutions, Consultancy Organizations Power Sector and R & D Organizations will find it useful to participate in the deliberations of the Seminar. Students and enterprising engineers can have the benefit of interaction with the resourceful persons. This will enable them to meet the challenges of new millennium in the changing scenario, culminating into formation of Smart Grids.

ADVERTISEMENT TARIFF:

The Technical Volume will be brought out on this occasion for distribution to the delegates as well as to various related organizations across the country. It has been decided to accept advertisements of various organizations for publishing in the Technical Volume. The tariff is indicated below:

Back Cover (Outside) Multi Colour	Rs. 25,000/-
Front Cover (Inside) Multi Colour	Rs. 20,000/-
Back Cover (Inside) Multi Colour	Rs. 15,000/-
Full Page Multi Colour (Inside)	Rs. 12,000/-
Inside Full Page (Black & White)	Rs. 8,000/-
Size of Technical Volume.....A4	

REGISTRATION:

Registration of delegates will be made in advance on payment of registration fee as indicated below along with filled in registration form and other requirements:

Corporate Member of IEI	Rs. 1,000/-
Non-Member (Individual)	Rs. 1,500/-
Sponsored Delegate from Industry/ Research Organizations	Rs. 2,500/-
Sponsored Delegates from Educational Institutions	Rs. 1,500/-
Individual Engg. College Students	Rs. 500/-
(applications may be sent through Principal or HOD of their respective Colleges)	

ACCOMMODATION:

Hotel accommodation can be arranged by the Organizers on request from the delegates in the Local Hotels. The names of the Hotels and their tariff are given separately in this brochure. Delegates requiring accommodation are requested to write to us well in advance along with Demand Draft drawn in favour of “The Institution of Engineers (India), A P State Centre” payable at Hyderabad.

SPONSORSHIP:

Tariff for sponsorship is given below. Organizations interested to sponsor various activities may send the details of Sponsorship along

with A/C Payee Cheque / Demand Draft drawn in favour of “The Institution of Engineers (India), payable at Hyderabad” for appropriate amount:

	CONTRIBUTION	PRIVILEGES
Sponsor	Rs. 1,00,000/-	10 Delegates + Inside Full Page Advertisement on Art Paper Free *
Co-Sponsor	Rs. 50,000/-	5 Delegates + Inside full page Advertisement Free *
Sponsoring One Lunch	Rs. 25,000/-	Sponsorship will be acknowledged by displaying banners indicating the names of Sponsors. They can also Exhibit their products at the Seminar. Plus two delegates free*
Delegate Kit	Rs. 50,000/-	
High Tea	Rs. 15,000/-	

- One page profile of the respective organizations will be included in the Technical Volume.

PAYMENTS:

All payments should be made through A/C Payee Cheques (Local Delegates / Organizations) and by Crossed Demand drafts (Outstation Delegates / Organizations) drawn in favour of “The Institution of Engineers (India), Hyderabad” payable at any of the Scheduled Banks at Hyderabad, India.

All correspondence may be addressed to:
